

## Bonnie Guttner Anacker

SHS Class of 1962

After graduation, I attended MJC, married a minor league ball player, had 2 beautiful sons and then got divorced 5 years later. Moved to Tampa, got my RN degree at 36 years old,

moved to St Pete and worked in an Emergency Room for 12 years. In 1993, my current husband, Jim, came into the ER having his 2nd heart attack. Well, God surely put us together!! We will be married 20 years this February and have never even had an argument (thanks to Jesus being THE head of our household). We moved to South Carolina 10 years ago, built a log cabin on 60 acres really "out in the boondocks". We have 3 miniature donkeys (newborn last spring is adorable), 3

pinto horses, and a beautiful chow/golden retriever that had been abused. We have had 2 pygmy goats (a REAL handful) and multiple guinea hens--the last 4 succumbed to blacksnakes that got into their coop.

We work with 2 Christian rehab groups for women by extending our hospitality for horseback riding and barbecues. We also are helping our pastor start a new church and spreading the Gospel in our area. We hunt deer on our property--6 this year, plus 5 wild hogs which we cleaned and butchered ourselves. We are both very healthy; ride at least 3 times weekly (weather allowing) and a whole lot of time is spent maintaining the 60 acres. The pictures of me are this Christmas on my "one-person" horse--he has an attitude to say the least! I am blessed far beyond anything I could ever have dreamed of when I was young. Thank you Jesus!
